

WiFi Emergency Call Button Smart SOS Caregiver Pager with Mobile App Control

Description

Reliable Emergency Call Solution for Every Need

Ensure the safety of your loved ones with this WiFi Emergency Call Button Smart SOS Caregiver Pager. Designed for elderly individuals, children, and patients, this compact device allows you to stay connected in critical moments with just one click. Whether it's for home use, in restrooms, bedrooms, or businesses, this SOS button provides immediate alerts to multiple people at once, offering peace of mind. With seamless integration into the TUYA app and WiFi 6 technology, help is always within reach.

Key Features for Enhanced Security

This emergency call button offers advanced features that make it a must-have for caregivers:

- **One-Click SOS:** Easily call for help with a simple press, ensuring swift action in emergencies.
- **Mobile App Control:** Full control via the TUYA app, allowing caregivers to monitor the button remotely from anywhere.
- **WiFi 6 Technology:** Faster and more reliable alerts, ensuring that all notifications are sent to your phone in real-time.
- **Long Battery Life:** Equipped with a 400mAh battery that lasts up to 6 months on standby, with just 1-hour charging via Type-C.
- **Multi-User Alerts:** Share the device with multiple caregivers so that more than one person can receive the alert at the same time.
- **Compact and Portable:** Its small size makes it easy to install, hang, or wear in a variety of locations such as bathrooms, bedrooms, or workplaces.
- **LED Reminder & Record Query:** Get visual alerts when the call button is not uploading, and check the call records anytime from the app.

Why Choose This SOS Emergency Call Button?

Perfect for homes with elderly individuals or patients, this WiFi Emergency Call Button ensures that help is just one click away, whether you're at home or outside. Its low-power design ensures long-lasting performance without frequent charging, and the real-time app notifications provide instant communication. Ideal for use in bedrooms, bathrooms, nursing homes, or even businesses, this device gives caregivers full peace of mind, knowing they'll be alerted at the first sign of trouble.

Easy Installation & Hassle-Free Use

This SOS button offers flexible installation options—mount it on walls, wear it on a lanyard, or place it anywhere it's needed. With its sleek, compact design, it seamlessly blends into any environment while offering lifesaving functionality. Plus, with the Type-C fast charging, your device will be fully charged and ready for use in just one hour.

Stay Connected & Prepared

Take control of emergency situations and protect your loved ones with this smart, WiFi-enabled SOS button. Stay connected, monitor activity from anywhere, and ensure help arrives promptly when it's needed the most!
