

Wired On-Ear Stereo Headphones with Mic

Description

Immersive Sound Experience on the Go

Elevate your listening experience with these Wired On-Ear Stereo Headphones with Mic. Designed for those who love powerful sound in a sleek, lightweight design, these headphones bring out the best in every beat. Whether you're commuting, working, or simply enjoying your favorite playlist, these headphones deliver clear and balanced audio, ensuring you never miss a note. With built-in noise cancellation and padded earcups, you can comfortably lose yourself in music while keeping distractions at bay.

Perfect for everyday use, these headphones are equipped with an in-line remote and microphone, making hands-free calls easier than ever. Whether you're listening to music or taking calls, these headphones have got you covered. Their compact design makes them easy to carry, and with a choice of stylish colors, they complement any look.

Features

- 30mm dome drivers for balanced, high-quality sound
- High energy neodymium magnets for powerful audio
- Wide frequency range of 12Hz–22kHz for rich sound quality
- Padded earcups for long-lasting comfort
- In-line remote and microphone for hands-free calls
- Available in multiple colors to match your style
- Lightweight and portable design for on-the-go listening

Why Choose These Headphones?

These on-ear headphones are perfect for anyone looking for a reliable, high-quality audio solution for daily use. Their noise-cancelling feature ensures you can enjoy your music without distractions,

whether you're in a busy office, on a commute, or at home. The padded earcups provide exceptional comfort, allowing for extended listening sessions without any discomfort.

Benefits You'll Love

- Crystal clear sound for music, podcasts, and calls
- Noise-cancelling feature minimizes background noise
- Hands-free calls with the built-in mic and in-line remote
- Lightweight design makes them easy to carry around
- Comfortable ear padding for long listening sessions

Ready to enjoy superior sound quality wherever you go? Grab these headphones today and experience the difference they make to your music and calls!
