

Wireless Ear Clip Earphones with ENC Mic & 25H Battery Life for Sport & Calls

Description

Uncomplicated Convenience Satisfies Unstoppable Efficiency

Slip into an entire brand-new level of audio flexibility with these ultra-lightweight cordless ear clip earphones. Created to remain protected and comfy no matter how intense your day gets, they're the perfect companion whether you're powering through your morning jog or taking that critical business call. Their skin-friendly TPU ear clips are made for hours of wear—no pressure, no slipping, just seamless fit and feel.

Crystal-Clear Sound, Even in the Chaos

Leave background noise behind. Featuring an intelligent dual-microphone ENC system, these earphones reduce ambient sound so your voice comes through loud and clear—ideal for noisy commutes, workouts, or video calls. With advanced Bluetooth 5.3 connectivity, experience ultra-low latency as fast as 0.06s for smooth audio whether you're gaming, streaming, or chatting. Plus, their 10mm high-dynamic drivers and Low-Frequency Enhancement Technology deliver rich, deep bass that makes your music come alive.

Why You'll Love These Earphones

- **True Wireless Freedom** – No cords, no limits. Stay fully connected with total mobility up to 33 feet.
